Due to maintenance to our webshop, it is currently not possible to order books through brill.com. To order Brill titles please contact our distributor at brill@turpin-distribution.com. This maintenance is scheduled to last until Monday, December 9. Languages. Each of them takes as its starting point the Gospel of John as a literary unity. The volume as a whole traces literary studies of John back to the early 1900's and charts their development from then. Some of these essays are little known even to Johannine scholars. Others are recognized as classics in the field. Two of them are translations. This book is therefore a timely and indispensable resource for those interested in the history of the fourth gospel interpretation, and in examples of literary methods applied to John. E-Book. Status Though modernism is primarily a twentieth-century movement, hints of it emerged during the Victorian era. Thomas Hardy and A. E. Housman, for example are often considered early modernists, although both wrote at the peak of the Victorian era. The imagist movement was a branch of thought based on Chinese and Japanese poetry. It emphasized clear and concise language and striking imagery. Pound claimed that poetry's purpose was to achieve an intellectual and emotional experience in a brief amount of time through the description of an image. He once said that the image was an emotionally charged idea that occurred "in an instant of time." In literature, it is the extensive use of symbols throughout a text.
