Kinnell, Susan K. *Historiography: an annotated bibliography of journal articles, books and dissertations*. (Santa Barbara, CA: ABC-CLIO, 1987). 2 vol. The annotated bibliography is thus reasonable for browsing; but for those looking to find source material for particular aspects of this issue, we hope the following categories will be of some use. This article presents for the first time a comprehensive compilation of data, including cross-cultural comparisons, regarding young people identified during the past twenty years as possessing profound aptitude for mathematics based upon their performances in extremely difficult examinations in mathematical problem solving. We show that many girls exist who possess such extremely high aptitude for mathematics. A second consequence was that chance events (e.g., unequal
