To read about current naval warfare tactics, you could try and obtain the Naval Tactical Warfare Guide, written by Peter van Maurik (Dutch Royal Navy). The only snag with this book is that it is used as a textbook, so without following the course for which it was written, you might not be able to obtain a copy. Best thing to do is to contact the publisher directly through this link. <https://petersboeken.nl/product/naval-tactical-warfare-guide>. 21 views. I like Mr. Brennan's and Mr. Robert's answers very much. The first thing is to understand that naval warfare underwent some incredible technological revolutions - the triremes, the age of sail, the rise of iron ships, steam power, air power, submarine power etc. etc. If I were to recommend a start it would be Mahan and Corbett but the study only starts there.
