Young children are not critics of your expertise with music; they enjoy, participate, and thrive as you do the same. Throughout the book, the word teacher is used to describe the adult who is charged with the care and well-being of children. Sections on developmentally appropriate practice present concrete experiences and ways to use music that are appropriate to the developmental levels of children. Several sections discuss how to provide music experiences for all the children in your classroom in an inclusive environment. These sections focus on the need for sensitivity when caring for and sharing music with young children with special needs.
