In social policy, the SPD stands for civil and political rights in an open society. In foreign policy, the SPD aims at ensuring global peace by balancing global interests with democratic means. Thus, European integration is one of the main priorities of the SPD. SPD supports economic regulations to limit potential losses for banks and people. Geographically, much of the SPD's current-day support comes from large cities, especially of northern and western Germany and Berlin. The metropolitan area of the Ruhr Area, where coal mining and steel production were once the biggest sources of revenues, have provided a significant base for the SPD in the 20th century. West Germany's Foreign Policy book. Read reviews from world's largest community for readers. This work examines the positions of the Social Democratic and Green parties on the debate within the Federal Republic of Germany concerning security policy, especially as it relates to NATO. Since its founding in 1949, the Atlantic Alliance has provided a framework for relations between the United States and its European allies. Thus the roles of the United States and West Germany in NATO are both key: the former due to its nuclear capabilities, and the latter because of its conventional force strength and front line position. ...more.
