Literary Criticism is a very huge area including Literature of Reviews, Appreciations, Literary Theories, and so many other things touching literature such as Psychology, Linguistics, etc. Literary Theories have a very limited access to understanding and application. Here are some examples of Literary Theories. Literary theory is a wonky world where monocle-sporting people say things that not even they understand. Animal Studies. Cultural Studies. Deconstruction. Literary criticism, the reasoned consideration of literary works and issues. It applies, as a term, to any argumentation about literature, whether or not specific works are analyzed. Plato's cautions against the risky consequences of poetic inspiration in general in his Republic are thus often. Because critics often try to be lawgivers, declaring which works deserve respect and presuming to say what they are "really" about, criticism is a perennial target of resentment. Misguided or malicious critics can discourage an author who has been feeling his way toward a new mode that offends received taste. Pedantic critics can obstruct a serious engagement with literature by deflecting attention toward inessential matters.
