Botany, also known as plant biology, is the study of plants. It is a scientific discipline based on observation, experimentation, recording, classification, and the testing of hypotheses. This process is called the scientific method. There are many sub-disciplines of botany, such as plant taxonomy, genetics, plant ecology, economic botany, and plant anatomy. Evidence as to Man's Place in Nature is an 1863 book by Thomas Henry Huxley, in which he gives evidence for the evolution of man and apes from a common ancestor. It was the first book devoted to the topic of human evolution, and discussed much of the anatomical and other evidence. Backed by this evidence, the book proposed to a wide readership that evolution applied as fully to man as to all other life.

The Old Man and the Sea is a novel was the last major work of fiction to be written by Ernest Hemingway and published in his lifetime. The old man feels very unwell and also coughs up blood a few times towards the end of the story. He doesn't tell the boy. The novel has received so much praise and is considered to be one of the best novels in American literature. Santiago fights the creatures of the sea and some readers think that the story is about man's battle against the natural world. However, the novel can be viewed as the story of man's place in relation to nature. In the story, Santiago and the marlin show similar qualities of pride, honor, and bravery, and both are subject to the same eternal natural law - they must die. Thus Hemingway's stylistic devices used in his writings took the attention of the readers and mark as a symbol of his writing style.

Works Cited. Ernest Hemingway. (1998). The question of how to evaluate creativity in the context of creative writing has been a subject of ongoing discussion. A key question is whether something as elusive as creativity can be evaluated in a systematic way that goes beyond subjective judgments. To answer this question, we tested whether human evaluations of the creativity of short stories can be predicted by: (1) established measures of creativity and (2) computerized linguistic analyses of the stories. While the writing in *The Old Man and the Sea* reflects Hemingway's efforts to pare down language and convey as much as possible in as few words as possible, the novella's meanings resonate on a larger and larger scale. Hemingway the journalist also relies on resonances from historical and factual references to enrich the story and advance its themes - a technique used by T.S. Eliot and James Joyce. The two parts of the story that take place on land benefit from this controlled reporting. This perspective is essential to the story's middle part at sea, which is an odyssey into the natural world, a coming to grips with the natural order, an acceptance of the inevitable cycle of life, and a redemption of the individual's existence.
