The Oxford Book of Carols is a collection of vocal scores of Christmas carols and carols of other seasons. It was first published in 1928 by Oxford University Press and was edited by Percy Dearmer, Martin Shaw and Ralph Vaughan Williams. It became a widely used source of carols among choirs and church congregations in Britain. Vaughan Williams was a noted composer and arranger of music in the Anglican Church and a founder member of the English Folk Dance and Song Society. He was a scholar of English

The nine volumes in this series represent the largest scholarly project in modern Irish history. They provide a comprehensive new synthesis of modern scholarship on every aspect of Irish history and prehistory, from the earliest geological and archaeological evidence, through the Middle Ages, down to the present day. This volume, Volume II, opens with a character study of medieval Ireland and a panoramic view of the country c.1169, followed by nineteen chapters of narrative history, with a survey of land and people. There are further chapters on Gaelic and colonial society; economy and trade;

Oxford, New York: Oxford University Press, 1989. 382 p. ISBN 0-19-822970-4. Few countries in the world have such a compelling, individual, and stirring history as Ireland. Written by an expert team of scholars—all of whom are native to Ireland—this richly illustrated work takes us from the very earliest prehistoric communities and first Christian settlements, through centuries of turbulent change and creativity, to the present day. Unlike earlier one-volume histories, which have tended toward oversimplification, this book emphasizes the paradoxes and ambiguities of Irish history, presenting a much more realistic picture. A special feature of this book is a chapter that explores the interaction of Irish history and literature, what some have called "a bloody crossroads."
