The Confucian Sacrificial Ceremony, the Choctaw ball game, and the drum history of the Dagbamba, are some of the topics addressed in this collection of essays, which consider the intersection and interconnection of musics and religions in different world cultures. Items related to Enchanting Powers: Music in the World's Religions Enchanting Powers: Music in the World's Religions (Religions of the World). ISBN 13: 9780945454120.Â Combined, the contributions to this volume offer new insight into the role of music in the history of religions, especially through what Sullivan calls the 'power of music's affinity--its mimetic capacity to attune itself to other realities or to provoke other realities into resonating in tune with it.' Each in a different way, the articles collected in this book demonstrate the modes by which the felt enhancement of music can combine with systems of meaning, while describing subsequent intellectual attempts to understand this experience on the part of religious people.
