This collection, edited and introduced by a leading Dickinson scholar, contains thirty-two essays

A truly useful collection of literary criticism on a widely studied author, this collection of essays, selected and introduced by a distinguished scholar, makes the most informative and provocative critical work easily available to the general public. KEY TOPICS: Offers volumes of the same excellence for the contemporary moment. Captures and makes accessible the most stimulating critical writing of our time on a crucial literary figure of the past. Emily Dickinson was born in Amherst, Massachusetts on December 10, 1830. Although one of America's most acclaimed poets, the bulk of her work was not published until well after her death on May 15, 1886. The few poems published in her lifetime were not received with any great fanfare. Emily Dickinson is without doubt one of America's most interesting and fascinating authors, especially with regard to her quite extravagant vita, living secluded from the public for the majority of her life and not even leaving her house. Confining herself exclusively to poetry, she has created poems of marvellous emotional impact and this especially holds true for her poetry dealing with nature. As there is hardly any poem on nature by her that does not have allusions to or is combined with religious themes, it makes this branch of her work even more interesting to deal with. (1996). Emily Dickinson "A Collection of Critical Essays. New Jersey: Prentice Hall, p. 90. [3] Klein, Sarah: 09/11/1999. Emily Dickinson book. Read reviews from world's largest community for readers.
